01 — THE BRAND

A bridge, not a directory.

BRAND ATTRIBUTES

Modern

Human

Global

Industrial

Intelligent

NXT//LINK connects warehouses, manufacturers, logistics companies, and production facilities with trusted vendors for technology, equipment, products, and specialized services — worldwide.

Instead of searching hundreds of sites, businesses explain what they need, discover relevant vendors, compare options, and move projects forward through one connection point. The brand should feel modern, human, global, and industrial — professional without feeling rigid.

THE DEVICE

The double slash **//** is our owned mark — the point where a need links to a solution. It carries the brand alone, in the wordmark, and as a texture.

02 — LOGO

The logo consists of the word "NXT" in a bold, black, sans-serif font, followed by a double slash "//" in a vibrant violet color, and then the word "LINK" in the same bold, black, sans-serif font.

PRIMARY LOGO — HORIZONTAL LOCKUP Space Grotesk Bold • slash in Violet #6C5CE0

Four core variations

The logo consists of the word "NXT" in a bold, black, sans-serif font, followed by two parallel slanted lines in a medium blue color, and then the word "LINK" in the same bold, black, sans-serif font.

01 · PRIMARY / LIGHT

The logo is the same as the primary one, but the text "NXT" and "LINK" are white, and the slanted lines are the same medium blue color, set against a dark navy blue background.

02 · REVERSED / DARK

The logo is centered and includes the text "INDUSTRIAL MARKETPLACE" in a smaller, all-caps, sans-serif font directly below the "NXT//LINK" text.

03 · LOCKUP + DESCRIPTOR

The logo features a dark navy blue rounded square icon containing two parallel slanted lines, followed by the text "NXT//LINK" in a bold, sans-serif font.

04 · MARK + WORDMARK

CLEARSPACE & MINIMUM SIZE

DON'T

- Recolor the slash to anything but Violet or its reversed tint.

NXT//LINK

Keep clearspace equal to the cap-height of “N” on all sides. Minimum wordmark width: 96px digital, 22mm print.

- Stretch, condense, outline, or add drop shadows.
- Replace the “//” with other characters or spacing.
- Place on busy imagery without an ink or white plate.
